

1 Foreword

After months of preparation, viennality 2k17 is finally upon us! After last year's success, we were even more determined to give you the best event we possibly can. And boy, a lot of good things happened...

First off, Injustice 2 @VIENNALITY will be one of 7 Premier Events worldwide. That means that you will have the extraordinary chance to play for a astounding 20.000\$ (that will be spread amongst the top 8 placers). Additionally, you will be playing for precious points for the Injustice 2 Pro Series leader board. Of course, viennality 2k17 will be broadcasted worldwide via twitch.tv/netherrealm and twitch.tv/viennality. We are also very proud to announce community favourites Kitana Prime and Godspeed as our head of commentary.

Aside from Injustice 2, we will have three side tournaments including the new Tekken 7, the brand new Guilty Gear Xrd Rev2 as well as our beloved Mortal Kombat XL. Viennality will guarantee a minimum price pot of 500 euro for each of these games (to be spread amongst the top 3 placers).

This year's tournament location will be the incredible Palais Eschenbach (www.palais-eschenbach.at). Its unique baroque ambient will guarantee an unforgettable experience.

Along with the tournament action there will be enough time for casuals as well. Connect with other players, make new friends or rivalries! To break the ice we will have a meet-and-greet on Friday. We will also see to your physical welfare: With your viennality badge you will get 20% off of the burger of your choice at the "Addicted To Rock".

We really hope that you will enjoy this experience and wish you all the best,
The viennality team

Tournament Information

4.1 General

We are trying to keep the rules at a minimum. However, some rules are required to ensure that we all have a good time and that the tournament runs fluently. Please read all of them carefully, as a violation may result in round forfeit, disqualification or, worst case, tournament ban – without any sort of compensation. The Tournament Organizers (TOs) are authorized to enforce and adapt these rules if necessary, and you are expected to follow their instructions.

As tournament participant and/or spectator you consent to the regulations given below:

- In general, we expect good sportsmanship and respect for participants, spectators and tournament staff. Honesty and fair play are obligatory. Any kind of dispute between the players during tournament play regarding fair play is to be reported to the TOs. Their judgment is ultimate. Unfair behavior or aggression toward another person, drug abuse, collusion or cheating may result in disqualification or tournament ban.
- Viennality is a ticketed event. Please make sure to wear your tournament pass at all times. By entering the tournament, you consent to eventually playing on stream, being filmed or photographed. Make sure to look great.
- Don't bring any drinks or food inside the venue, since these will be available for purchasing. Also, please refrain from eating and drinking at the consoles. Drinking alcohol is not forbidden, but if you do so, know your limits and make sure to behave. It is forbidden to smoke in the gaming area.
- We love pop off's, but if you act careless and thereby break tournament equipment you may have to pay for it
- Make sure to always have an eye on your things. We are not responsible for the loss or theft of your belongings
- It is in your responsibility to know your pool schedule. Please make sure to check in at your pool 5 minutes before your pool is scheduled. Don't be late for your games, as this may result in losing your game. In case you are supposed to play two different games at the same time, please inform your pool judge.
- Bring your own controllers and converters. We are going to play on Playstation 4 only. Gaming pads, arcade sticks and hitboxes are allowed, as long as rapid-fire or other hardware assisted mechanisms are disabled.
- Desync all controllers not in use before you start your game. In case the game is paused via someone other than you or your opponent, the game will be resumed after both players agree to be ready. If you pause the game yourself, your opponent may chose to take the current round. The same rule applies for (accidently) unplugging the opponent's controller.
- You have the right to force a button check (but no combo checks). It is your responsibility to configure your buttons according to your needs
- You may force a blind pick by informing the pool judge before the first game if necessary.

Tournament Information

- You may designate one player to be your coach and consult him for one minute at max between Games.
- In case you experience any issues with the tournament or tournament related activities, please inform one of our judges or TOs. We are here to help.
